RAILWAYMEN OPPOSE THE ADAMSON BILL

(By Associated Press.)
CHICAGO, Oct. 15.—The railway workers' non-partisan association, which is said to have 16,000 members, announced its opposition to the Adamson eight hour law. Through its national chairman, W. J. Pinkerton of Chicago the association addressed a circular letter to W. G. Lee, president of the Brotherhood of Railroad Trainmen, in which the Adamson eight hour law is described as "the death knell of the economic organizations, the railroad brotherhoods," and a demand made that the measure be repealed and a convention called to make an investigation of the facts.

Four years ago the organization made a successful fight against the Bradley compensation law, which was opposed by the organization of railroad employees.

NO PROGRESS MADE IN THE JOINT SESSION

(By Associated Press.)
ATLANTIC CITY, Oct. 15.—The Mexican-American joint commission held only one session yesterday, the members admitting at its close that no material progress had been made. The Mexican members reiterated confidence that the campaign being started against Villa would be a success and serve to demonstrate Mexico's ability to restore and maintain peace along the frontier.

FARMERS CONVENE IN NATIONAL CONGRESS

(By Associated Press.)
INDIANAPOLIS, Oct. 15.—Official delegates from 40 states were registered last night for the 36th annual Farmers' National congress, which opened here today. The official delegates were appointed by the governors of their states.

An invitation to President Wilson to address the congress was declined by him in a telegram received by H. E. Stockbridge of Atlanta, president of the congress. The president, however, said in his message: "I have recommended Carl Vrooman, assistant secretary of agriculture, to attend your session and convey to you my personal greeting and assurances of sympathy and good will." The president also commended the organization for its work in the past in obtaining and asking for the passage of legislation in the interest of the farmer.

Mr. Vrooman will be given a place on the program for Friday morning. Last night's program consisted of an entertainment, smoker and social reunion. The afternoon session was devoted to reports of committees and addresses by various experts on the subjects "Recovery and use of sulphate of ammonia," "Financial and administrative problems of road making," and "Problems in road building."

Highest temperature yesterday, 69; lowest this morning, 47.
Highest temperature a year ago, 63; lowest, 45.

FOOTBALL TEAM HAPPY AS SUPPLIES ARRIVE

A quantity of new football supplies arrived yesterday for the high school and the boys are correspondingly happy. The list of supplies included another dozen pairs of padded trousers, shoes, stockings, shoulder pads and jerseys. The immediate result was an increased attendance at practice and increased interest in this sport. Until now there was equipment only for one team and many boys who were needed on the field for scrimmage practice could not take part because of lack of necessary equipment. It is hoped that the result will be increased efficiency and ability to repeat the victory of last Saturday. The first game on the home field will be with Goldfield on Saturday, October 28.

AMERICAN SHIPS ARE WARNED FROM WATERS

(By Associated Press.)
WASHINGTON, Oct. 15.—The Turkish government has warned the United States that neutral ships, including American, passing between the Turkish coast and the islands of Khios and Samos, in the Aegean sea, might become targets for the gunfire of Turkish military forces. "It is impossible to distinguish between the enemy and neutral ships," adds the warning.

GIRL CHOPS FATHER'S HEAD WITH A HATCHET

(By Associated Press.)
CLARKSBURG, W. Va., Oct. 15.—Lena Bonadio, a 13 year old school girl, has been arrested and jailed on the charge of killing her father as he slept in his home on Kelly hill last night. His head was literally chopped to pieces with a hatchet. The police declared the child complained bitterly of her father's treatment of her.

DIVER ATTACKS CRUISER

(By Associated Press.)
BERLIN (official), Oct. 15.—The Italian protected cruiser Libia was hit and severely damaged in the Mediterranean on October 7 by a torpedo from a German submarine.

Will Make No Statement

(Continued from Page 1.)
The foreign secretary said in reply to Lord Beresford's question: "The best thing I can do is to read a summary of what actually passed between the United States and his majesty's government on this subject since the war began and what we understand the view of the United States to be."
Viscount Grey then read the following statement:
"On the fourteenth day of September, 1914, the British ambassador at Washington telegraphed that the United States authorities had intercepted wireless dispatches from H. M. S. Suffolk, to New York, asking for supplies and newspapers, and he informed us that the United States government considered that this would be making use of United States territory as a base for supplies and information as to shipping movements through the newspapers."

FOOD SITUATION DEBATED

(By Associated Press.)
LONDON, Oct. 15.—In the house of commons a debate arose over the food situation, a number of the members complaining of the inadequate measures of the government to control food supplies.

HIGH SCHOOL WELCOME GIVEN NEW STUDENTS

Yesterday, Miss Kate Loan of Smoky Valley registered in the Tonopah high school as a freshman. On Monday, Miss Margaret Ray of Manhattan registered as a senior. This brings the total enrollment in the high school up to 105. The enrollment in the eighth grade, most of whose members will graduate from that grade in the spring and enter the high school in the fall of 1917, is between 45 and 50. It is gratifying to note that it is rapidly becoming the custom for pupils to look forward to entering the high school instead of dropping out of school as soon as through the grammar grades or even before. This is as it should be and is the end toward which the school authorities are bending every effort. Parents who allow their children to deprive themselves of the advantages of a high school education are giving their children only about half the advantage that lies at their doors free of charge. With this "onward" spirit developed in the schools and with a continuation of the prosperity that is ours in Tonopah, our high school next year will make even greater strides than during the present year.

MARINES MARCH IN STREETS OF ATHENS

(By Associated Press.)
ATHENS, Oct. 15.—Three hundred French marines have been transferred from the municipal theater to the Zappelon exposition, within 400 yards of the king's palace. They marched through the streets with fixed bayonets and trumpets blowing. The front, or larger, palace structure is occupied by Prince Andrew and Princess Alice.

ITALIANS BREAK LINE

(By Associated Press.)
ROME (official), Oct. 15.—The Italian troops on Mount Pasubio, in Trentino, today broke at last the Austro-Hungarian lines of resistance in the region between Cosmagnon and Roite. They stormed the Austrian lines north of the summit at Pasubio.

AMERICAN AVIATOR KILLED

(By Associated Press.)
NEW HAVEN, Oct. 15.—William Thaw, a former Yale student, who has been with the aviation corps of the French army since the beginning of the war, was killed in action, according to word received here by S. S. Walker, member of the senior class of Yale. There are no details.
